Warriors face Roosevelt in Presidents' Bowl Saturday

By Andy Cunningham and Kristen Burns

The Presidents' Bowl, the biggest fund-raiser of the year for the WHS and other Sioux Falls public high schools' Booster Clubs, will kick-off at 5 p.m. Saturday at Howard Wood Field.

The event will feature two big games, including Lincoln vs. O'Gorman at 5 p.m., and WHS vs. Roosevelt at 8 p.m.

Saturday will also be a full day for fans, with tailgating in full-force. The event also features pre-game and half time entertainment including an activities parade where various activities will circle the track to show their involvement in Warrior activities; performances by the three high schools' choruses, bands and dance teams, fireworks and door prizes.

Senior linebacker Anthony Collins said he thinks Saturday's game will be a challenge for the Warriors.

"It will be a tough game, but I think we will come out on top," Collins said.

The Warriors have been preparing in practice for the big game. First-year Warrior coach Brian Hermanson

said he thinks that the practice will pay off.

"We have been going through our normal routine and touch-ups," Hermanson said. "Also, we have worked a lot on improving our blitzes."

Roosevelt will prove to be a tough match-up, as they have a strong running attack, Hermanson said.

"During the game we will have to hold back (Roosevelt standouts) Josh Poppen and Antonio Thompson," he said.

Hermanson is hoping to pull off a victory in his first Presidents' Bowl as a head coach. He served as a Roosevelt assistant last season.

The Warriors are also planning to seek revenge from last year's 28-0 loss to Roosevelt last year and are looking for a large, vocal Warrior crowd for support.

WHS will be the visiting team for the game on Saturday.

Senior Ryan McKnight said he thinks if the team really wants a victory, they will get it on Saturday.

"As long as we play hard and have confidence, we will win," McKnight said.

Concert Choir plans retreat

By Dzenan Berberovic

Like many WHS activities, the Warrior Concert Choir is opening their 2005-06 season with a beginning-of-the-year retreat set to be an over-night event at Inspiration Hills, a retreat center located just south of Canton, this weekend.

While at the retreat, Concert Choir members will be participating in a plethora of events ranging from group building activities to working on music

for their future performances.

Director of choirs John Pollmann said he is very pleased to be able to bring the concert choir to such an eventful retreat.

"Retreats are very important to the overall process of building a family," Pollmann said. "The main goal is to build that sense of family, pick officers, and work on the music."

Junior Lisa Mellema, a member of the Concert Choir,

is ecstatic to be able to attend.

"I'm looking forward to going and getting to know the rest of the choir," Mellema said. "Learning the music and getting to know one another will be really fun."

The WHS Concert Choir will also be performing the National Anthem at this weekend's Presidents' Bowl festivities along with the other two public high school concert choirs.

Please share—leave on tables until 5B

Trap-breaking chimpanzees discovered in Africa

By Yomiuri Shimibun (KRT)

TOKYO--Wild chimpanzees capable of passing on their knowledge of how to detect and destroying traps have been found in areas around a village called Bossou in Guinea, Africa, according to Gaku Ohashi, a researcher at Kyoto University's Primate Research Institute.

Science Friday

Ohashi, 29, surveyed a group of more than 10 chimps in the area over 15 months between 2002 and 2004 after learning that 30 years of research there discovered no chimps in the area had ever been seriously injured by traps.

In one case, when a trap made with sticks and wires used to catch large rats was found, two male chimps of the group would avoid the trap, vigorously shake it and try to destroy it, Ohashi said.

Three other male chimps also tried to shake the trap, according to Ohashi.

Tetsuro Matsuzawa, a professor at the Primate Research Institute, said chimps in Bossou are highly intelligent, allowing them to use many tools, including stones for opening nuts.

"They probably also have the ability to spot danger," he said.

Chimpanzees injured by traps have become a serious problem in Africa in recent years. In 2002, a long-term study of chimps found 32 of 422 chimpanzees in 10 areas had been injured by traps.

Please, just bring back the french fries

Are French Fries Gone Forever?

Many of us are wondering that very thing--just where have the french fries gone?

Are they ever coming back?

To help answer this question, I talked to WHS head nutritionist Karin Hartje recently. According to Hartje, french fries will only be available on occasions when they are part of the meal and listed on the menu. For future reference, students can look forward to french fries twice this month.

The Health Initiative Group formed by the school

board imposed this limitation on our greasy friends as a part of the plan to make school food choices healthier beginning this year. According to the guidelines, any item containing too many calories of saturated or trans fat was cut from all of the Sioux Falls schools. Now, when french fries appear on the menu, you will only be able to get them with the meal that they are listed with. You may also only have one serving of fries. Instead of our beloved fries, students will see more pastas and rice as opposed to potato products this year.

In my opinion, this change does not make any sense. We are all old enough to make our decisions on what food we want to eat. When we are not in school, we can eat whatever we want, so this policy on "fatty foods" does not change the fact that there will be large kids.

Junior Amanda Rasmussen loves greasy foods.

Hear me...

Golf team in Yankton today

By Jon Economo

Today at 10 a.m. the boys varsity golf team teed off at Fox Run in Yankton at the Yankton Invitational.

Senior Matt Pridey said the team should do well against tough competition today.

"Our team is very talented this year, and we are confident that we are

capable of winning a lot of matches," Pridey said. "We hope to bring a state title home to WHS this season."

Challenges at today's event will come from teams including Yankton, Lincoln and Roosevelt from South Dakota and Sioux City East, Healean and North from Iowa.

Volleyball team faces west river teams

By Whitney Weber

The Warrior volleyball teams will be in action today and Saturday against their rivals from west river.

The junior varsity teams will face Rapid City Stevens and Central beginning at 4 p.m. today and will face

Spearfish and Sturgis starting at 10 a.m. Saturday.

At the events, WHS faculty members will serve concessions as a fund-raiser for hurricane relief.

Games will also be held at Roosevelt both tonight and Saturday.
