Give your brain a workout

We thought you might be tired of picking the right answer, so today we present some questions that you still have to think about, but can't get wrong. Enjoy!

Here's something to think about

- Why do we say "heads up" when we actually duck?
- What's a question with no answer called?
- What was Captian Hook's name before he had a hook for a hand?
- If you made biscuits with chocolate milk instead of regular milk, would they taste chocolatey?
- Why do bullies always ask "what's your problem" when they're obviously not going to solve it?
- When people say, "I'm so tired it's not even funny" or "my head hurts so much it's not even funny," why would it even be funny in the first place?
- Isn't Disney World just a people trap operated by a mouse?
- Why does shaped macaroni taste better than the normal kind?
- If a fork were made of gold, would it still be considered silverware?

Activities celebrated during special week

Did you know that this week is the 25th annual high school activities week? Me either, but what I did know is that being involved in activities have been a very big part of my high school career.

Studies released by the South Dakota High School Activities Association (SDHSAA) show that a majority of high school dropouts did not participate in any school activities.

Hear me... NOW

Tim Corey

Many people think that playing sports are the only activities, but this is just not true. There are a plethora of activities you could be involved in at WHS, including drama, SALSA, tech club and the school's single largest activity, marching

band, just to name a few.

Last year in South Dakota 30,300 students participated in SDHSAA sponsored athletic activities, and 32,300 in fine arts activities. Studies show students who participate in co-curricular activities generally have a better grade point average than those who do not.

I myself participate in many activities, including baseball, football, newspaper and yearbook. Not only do I enjoy being in school activities, but I also enjoy going to watch other activities, as well.

This week, take some time to congratulate participants in, and coaches of, activities for all that they do.

One great way to celebrate activities is to attend one tonight. The football team takes on O'Gorman for a share of the city and Greater Dakota Conference titles at 5 p.m. at Howard Wood Field. Be there!

Senior Tim Corey is number 34, so look for him.

National Activities Week days of celebration:

Each day this week is designated a special day in honor of National Activities Week:

- Sunday, Oct. 17: Be A Sport Day
- Monday, Oct. 18: Fine Arts Activities Day
- Tuesday, Oct. 19: Officials Day
- Wednesday, Oct. 20: Youth Health Awareness Day
- Today, Oct. 21: Coaches/Sponsors/Advisers Day
- Friday, Oct. 22: Fan Appreciation Day
- Saturday, Oct. 23: Community Service/Participation Day
